The Ridge — Refund and Cancellation Policy

Operator: Terri Technologies (Private) Limited ("**Terri Technologies**", "**we**", "**us**"), which operates The Ridge and collects payments as agent for event Organisers.

Effective date: 1 September 2026

---

1. How this policy works

Each event is run by an Organiser, who is the seller of its tickets and is responsible for refunds. Terri Technologies collects payments and processes approved refunds on the Organiser's behalf.

Each event page shows the event's own refund rules before you pay. Where the event rules are lawful and you accepted them at checkout, they apply. Where an event has no rules of its own, the default rules below apply. Nothing in this policy reduces or excludes your statutory rights under the Consumer Protection Act, 2019 [Chapter 14:44].

2. At a glance

Situation	What you get
Organiser cancels the event	Full refund of the ticket price and booking fee.
Event postponed, moved or materially changed	Your ticket stays valid. If you cannot attend, ask within 14 days of being notified and you get a full refund of the ticket price and booking fee.
You cancel or cannot attend (change of mind)	No refund, unless the event rules allow one. Ticket transfers may be allowed (see section 5). If you cannot attend because of the death or hospitalisation of the ticket holder or an immediate family member, no cancellation fee applies (see section 5(c)).
You are found ineligible before the event	Refund of the ticket price, unless you gave false information.
Duplicate or failed payment	Confirmed duplicate payments and payments with no confirmed ticket are refunded in full.
Removed for breaking event rules	No refund.

3. Pending, failed and duplicate payments

A **PENDING** ticket is not a confirmed purchase. A failed, expired or cancelled payment does not confirm entry. You may retry payment if places are still available.

If money leaves your account but The Ridge does not show a confirmed ticket, **do not pay again**. Contact the event contact or support@territechnologies.com with your ticket code and payment reference. We will check with the payment provider and either confirm your ticket or refund you in full within 10 business days of confirming the position.

4. Event cancellation or change

(a) If an event is cancelled, the Organiser will notify ticket holders through The Ridge. You will receive a full refund automatically unless you choose a transfer or credit if one is offered.

(b) If an event is postponed, moved or materially changed, your ticket stays valid for the new arrangement. If you cannot or do not want to attend, request a refund within 14 days of the notice and you will receive a full refund.

(c) A “material change” includes a change of date, a change of venue to a different town, or the removal of the main race or category you entered. Minor changes to timings, routes or programme are not material.

5. If you cancel or cannot attend

(a) Unless the event rules say otherwise, tickets are not refundable if you change your mind, cannot attend or do not show up, subject to your rights under the Consumer Protection Act, 2019.

(b) Where the event rules allow, you may transfer your ticket to another eligible person up to 48 hours before the event using The Ridge. The new participant must accept the event declaration. The Organiser may charge a disclosed admin fee for transfers.

(c) Death or hospitalisation: As required by section 20(4) of the Consumer Protection Act, 2019, no cancellation fee or penalty will be charged if you cannot attend because of the death or hospitalisation of the ticket holder or an immediate family member. You may cancel and receive a full refund, or transfer your ticket. Please send reasonable supporting evidence (such as a medical certificate or death notice) through The Ridge, to the event contact or to support@territechnologies.com. The Organiser may also approve a refund in other exceptional, documented circumstances at its discretion.

6. How to request a refund

Send your request through The Ridge, to the event contact, or to support@territechnologies.com if there is no event contact. Include your ticket code, buyer name, payment reference, reason and contact details.

The Organiser decides refund requests under its event rules. If the Organiser does not respond within 5 business days, Terri Technologies may decide the request under this policy.

7. How refunds are paid

(a) Approved refunds are initiated within 10 business days of approval.

(b) Refunds are paid to the original payment method, in the currency you paid in. How quickly the money reaches you depends on your bank or mobile-money provider (for example, EcoCash).

(c) Refunds are paid only to the original payer, unless the Organiser and payment provider agree otherwise after verification.

(d) Booking fees are refunded only where this policy says so. Payment-provider charges are not deducted from refunds you are entitled to.

(e) A refund may be delayed while we investigate suspected fraud, disputed ownership of a payment or a chargeback. We will notify you if this occurs.

8. Chargebacks

Please contact us before disputing a payment with your bank or provider. If a payment for a valid ticket is reversed, the ticket will be cancelled.

9. Records

Terri Technologies and the Organiser keep refund and payment records for as long as tax, accounting and dispute rules require, as set out in the Privacy Notice.
